The timescales in which LRN will issue its results is between 4 to 6 weeks (upon receiving the candidate results from the test centre).

## READING AND LISTENING

The marking of Reading and Listening components of LRN Level 3 Certificate in ESOL International (CEF C2) are completed by clerical markers using answer keys for each question paper. To ensure standardisation of each exam, the Reading and Listening clerical markers completed induction training followed by standardisation exercises prior to each paper (where required).

Results are then moderated by the moderation team in accordance with LRN's moderation policy. Moderated results are then forwarded to the Lead Moderator for final approval.

## SPEAKING & WRITING

Speaking examination is conducted by one examiner, trained by LRN, and is recorded on a dictaphone. Marks are allocated for speaking and writing skill to each candidate in accordance with the LRN Level 3 Certificate in ESOL International (CEF C2) mark scheme. LRN Level 3 Certificate in ESOL International (CEF C2) is 100% externally assessed by an LRN examiner.

Speaking sub skill are assessed in pairs, where there are odd number of registered candidate, the dummy candidate will be use as a pair candidate.

Candidate will receive pre-released speaking topics 5 working days prior to exam from their centre.

Results are then moderated by the moderation team in accordance with LRN's moderation policy. Moderated results are then forwarded to the Lead Moderator for final approval.

## MARKING

- Each Reading question carries 0.5 marks (50 questions)
- Each Listening question carries 1 mark (25 questions)
- Writing is based on 2 questions and carries a maximum of 25 marks
- Speaking is a three part exam and carries a maximum of 25 marks

**For each sub-component candidates will be graded as follows:**

- o 0-12 = Fail
- o 13-16 = Pass
- o 17-19 = Merit
- o 20+ = Distinction

Each sub-component skill mark is out of 25 and the total marks for this qualification are 100.

## GRADING

Results are reported as distinction, merit, pass or fail grades.

Candidates marks for all sub-components will be added together to give an overall grade based on the minimum marks per grade level below:

Minimum Marks required (overall)	Grade
0-49	Fail
50-64	Pass
65-79	Merit
80+	Distinction

## RELIABILITY AND VALIDITY

Results are reported as distinction, merit, pass or fail grades.

Candidates marks for all sub-components will be added together to give an overall grade based on the minimum marks per grade level below:

### Validity

1. Producing quality items to the required standard that measure performance with links to the CEFR.
2. Validating performance through piloting and feeding back into the test development cycle to ensure consistency of items.

The validity of LRN tests is evaluated in terms of the uses and interpretations of scores. The two main concerns in validation studies are:

1. The uses and their meaning to which scores are put in terms of the latent trait(s) they engage and measure. Several validation frameworks, such as Messick (1989) and Kane (2012), emerge from this. Supporting evidence of validity arguments potentially vary from test to test as every test produced has a unique validity argument.

The following inferences are included, following Kane's framework (2012):

- a. Evaluation - clear and sufficient domain definition and operationalisation.
- b. Generalisation - how confidently performance can be extrapolated on the test to a universe of the tasks.
- c. Explanation - analogous to conventional construct validity.
- d. Accuracy of scores - representing the amount of the latent trait under assessment.
- e. Extrapolation - analogous to conventional criterion validity.
- f. Accuracy of candidate performance on the test - prediction of performance on similar devices as well as the target language domain.

Tests developed by LRN are subjected to rigorous data analysis methods in order to ascertain the validity of the uses and interpretations of scores. Consultation is received by a team of experts who assist in undergoing latent trait model analysis on data sets in order to determine the quality of the test.

Evidence yielded from these analyses is used to judge the validity argument of the test.

### Reliability

1. Delivering examiner training against LRN Entry Level 3 Certificate in ESOL International (CEF B1), LRN Level 1 Certificate in ESOL International (CEF B2), LRN Level 2 Certificate in ESOL International (CEF C1) and LRN Level 3 Certificate in ESOL International (CEF C2) mark scheme with links to the CEFR.
2. Conducting standardisation and monitoring to ensure consistent interlocutor performance and accurate grading.
3. Carrying out moderation to ensure consistent, accurate and reliable results.

4. The LRN validation team work with a variety of models relevant to language testing and psycholinguistics. Validation studies for each qualification are produced for every 800 - 1000 responses / grades generated.

\*Please visit the LRN website for further updates on validation and reliability under our Research section.

## ADMINISTRATION AND ASSESSMENT DELIVERY

The duration of LRN Level 3 Certificate in ESOL International (CEF C2) is 2 hours and 53 minutes with the main test sitting (reading, listening and writing) lasting 2 hours and 35 minutes in one continuous assessment session on the same day (with a short break in between each component).
